MAJOR COURSES ❖

It is highly recommended that a student select a major field of study before completing 60 credit hours. Students must complete the requirements set forth in the catalog under the heading for the selected major. When a major is selected, the requirements of the catalog of entry apply and the corresponding checklist should be followed. Only courses in which a student has received a "C" or better may be applied to the major requirement. A major field of study requires at least 36 credit hours, of which a minimum of 24 credit hours must be completed at the 200-level or above, of which at least nine credit hours must be at the 300-level or above.
