The Associate in Applied Science degree must be completed and conferred in order to validate this plan. Please refer to the student planning worksheet at www.cod.edu/advising/studplan for COD's A.A.S. degree requirements.

A student must earn a minimum of 120 credit hours to qualify for graduation with a bachelor's degree. At least 39 of the 120 credit hours for graduation must be completed at Benedictine University. Students follow the degree requirements for the catalog year in which they enter Benedictine University.

The Bachelor of Arts (B.A.) in Management program curriculum is designed to enable graduates to effectively function in increasingly complex business environments. The program focuses on skill development in the areas of management and leadership, group behavior, accounting and economics, marketing and project management.

The B.A. in Management program challenges students to develop knowledge, skills and personal values through a well-planned, sequenced curriculum.

B.A. in Management program instructors provide extensive real-world knowledge creating the context for a meaningful educational experience and focus on providing theory coupled with practical applications that students can use immediately. Instructional methods include lectures, seminars, workshop activities, simulations and business case studies.

Benedictine University and the College of DuPage have formed an innovative partnership designed to provide a seamless transfer experience for College of DuPage students completing an Associate in Applied Science (A.A.S.) degree in Accounting, Management or Marketing. In this program, students complete specific courses* that count toward completion of an A.A.S. degree at the College of DuPage and a Benedictine University bachelor's degree. After completing approximately three years of specified coursework, students transition into Benedictine's Bachelor of Arts in Management major courses, which include 39 semester hours of:

Accounting and Financial Management
Applied Microeconomics
Business Statistics II
Entrepreneurship
Ethical Leadership
Group Dynamics and Learning Strategies
Human Resource Management
Information Technology in Management
International Management
Management Capstone
Marketing
Operations Management
Organizational Behavior
Project Management

*Refer to the following Academic Plans for specific course lists and graduation requirements. Due to the specialized and prescribed nature of this program, it is highly recommended that students refer to these documents and work with an Academic Advisor to ensure proper course selection.
