

Secondary Education

at Benedictine University

Candidates seeking a teaching career must have a sincere desire to teach, show intellectual promise and display personal, professional and academic characteristics indicative of competent teachers.

The School of Education's major goal, according to its conceptual framework, is to create **effective practitioners** who are committed to scholarship, lifelong inquiry, leadership and social responsibility. These enduring outcomes are developed and nurtured through the curriculum. Educators develop **scholarship** by acquiring a breadth and depth of knowledge in the field. As scholars, they develop **lifelong inquiry** by immersing themselves in a process of on-going questioning and reflection that results in informed thinking and decision-making. They assume **leadership** roles in a variety of venues where they can affect change and improve practice. Their leadership is guided by a sense of **social responsibility** to create fair and equitable environments that support and enhance learning in order to maximize each individual's potential.

Advantages of studying secondary education at Benedictine University

- Personal attention and guidance provided by skilled academic advisors.
- A 13:1 student-to-faculty ratio.
- The career flexibility made possible by a liberal arts degree.
- The opportunity to gain experience through off campus preclinicals and a 16-week student teaching experience under the guidance of certified professionals.
- Integration of technology into coursework.
- Quality instruction from experienced faculty who have worked extensively in both private and public schools.
- The value of dual degree with a major field of study as well as a minor in education.
- Advantage of job placement aid through the Career Development office.
- Certification as a teacher in Illinois.

What are the requirements for secondary education?

The student prepares for certification in secondary education by completing a minor in education and academic major outside the education division. The approved majors for secondary certification at Benedictine University are biology, business, chemistry, English, mathematics, physics, social science or Spanish. Upon completion of the program, students receive high school and middle school endorsements in their major area of study. To further enhance marketability, students are encouraged to pursue endorsements in additional subject areas.

In addition to the required coursework for the academic major and the education minor, students also receive a solid foundation in methodologies through the following experiences:

- Preclinicals: experiences which involve observing and teaching under a professional teacher in an off-campus classroom setting.
- Micro-teaching: the opportunity to participate in and evaluate various teaching activities.
- Student Teaching: a full semester of teaching under professional guidance.

As candidates progress through their program, they will develop an understanding of the Illinois Professional Teaching Standards, the Language Arts Standards for All Illinois Teachers, the Technology Standards for All Illinois Teachers and the Content-Area Standards for Educators. In addition to successful completion of their coursework, they will also develop a professional portfolio that demonstrates their growth in teaching and service to education as well as their understanding of the Illinois standards. Similarly, technology will be an integral part of their development through the use of LiveText as a part of their coursework along with the preparation of their portfolio. Their preparedness to teach will also be demonstrated through passage of the Illinois Certification Testing System's (ICTS) Basic Skills Test, Content-Area Test and Assessment of Professional Teaching Test.
