Re: 2009 Cornaro Scholarship for Graduate Studies

In these challenging economic times it is heartening to us to announce that our Cornaro Scholarship program continues to be as successful now as it has been since the first award was made in 1985. This past June we awarded four \$3000 scholarships to deserving members of Kappa Gamma Pi to assist them with any expense incurred in their graduate studies.

The funds are donated by our members and we look forward eagerly each year to presenting the awards to other members who are accomplished leaders with strong Faith and Service ideals, as our motto dictates.

This past year we encouraged applicants to send in the required paperwork electronically and, due to that response, we no longer are providing printed copies of the application form. Instead, the form is now available with complete details on the application process on our web site at:

http://kappagammapi.org/_cornaro.html.

Those eligible for the Cornaro Scholarship are members of Kappa Gamma Pi, including those nominated prior to April 20 during the course of the current academic year. Among other required documents, the applicant must submit verification of acceptance into graduate school.

We ask that you post the enclosed bulletin board announcement to help us promote this award. Any question regarding the Cornaro Scholarship that you or the potential applicant has can be emailed to **cornaro@grafitec.com**. Thank you for your assistance and your continuing support of this Kappa Gamma Pi program.

In Kappa,

Judy Gelwicks
National II Vice-President
Cornaro Scholarship Committee Chair
