CAMPUS POLICE PROGRAM *“XBOX MADDEN-NFL TOURNAMENT”* *ALTERNATIVE TO DRINKING...*

Benedictine Police Officer Derek Ferguson a Residence Hall Resource Officer created a program to promote social interaction between students without the use of alcohol.

Students signed up to participate in an Xbox tournament where they play football against other students. Winners of the tournaments different challenges receive prizes for their participation with the overall winner receiving a Benedictine Football jersey with the title “07 Madden Champ” on the back of the jersey.

There are approximately fifty students participating in the tournament. Local rental business’s donated the use of the games and some low level prizes, while Benedictine Police donated the jersey.

LADDER SAFETY MONTH

Before using outdoors, make sure you’re away from power lines.

Place ladders on level ground, open fully and engage all locks.

Don’t overload extension cords or electrical outlets.

Always face the ladder when climbing and wear slip resistance footwear; typically rubber soled shoes.

MORE POLICE ON SHIFT...

Benedictine University Police have been working with a new scheduling system which will provide many administrative benefits to the University Police Department.

The benefits to the campus community will be the addition of more police officers to a given shift. Reducing the number of shifts worked thereby allowing us to add more personnel to each shift.

DO YOU KNOW WHO I AM?

Police Officer Christina Meadows comes to us from the Bolingbrook Police Department. Christina holds a Masters Degree in Law Enforcement. Christina is assigned to the night shift.

BENEDICTINE PD HOSTS ILLINOIS CAMPUS LAW ENFORCEMENT CONFERENCE

Benedictine University Police played host to the Illinois Campus Law Enforcement Conference on October 26th, 2007. Chief's of Campus Police and Campus Security from all over Illinois were in attendance to hear talks from the FBI regarding new programs they have to assist campus law enforcement in the prevention of terrorism, active shooters, and technological espionage.

FBI Agent Bob Kowalski informed the ICLEA community about a growing problem on campuses which is technological espionage.

Officer Meadows is trying out a new "GREEN" vehicle which is similar to a SegWay which runs off electric batteries.

PARKING/ TRAFFIC ENFORCEMENT

Benedictine University Police are aware of the parking situation this school year and are working closely with University Administration to keep parking space maximized and safe.

Benedictine Police have relaxed enforcement on most parking infractions that are not violations of state statute or concerns of safety.
