Police News

May 2007 Issue 9

Benedictine University Police would like to extend our...

Best Wishes to all Graduates for 2007!

Quiet Hours and Study Time...

Please be mindful of your fellow students and neighbors who are studying and preparing for final exams.

If you need to blow off steam or unwind, take advantage of our nice spring weather and go outside. This will reduce noise and commotion inside residence halls where students are studying.

Good luck to all students with your final examinations.

Do you know who I am?

Sgt. Pat Cronin

I'm a Benedictine University Police Officer who supervises the afternoon shift. I'm a retired Fire Fighter & Police Officer from Cook County. I came from Oakton Community College Police.

Summer Travel Safety

Gas prices are on the rise, but that won't stop millions of Americans from hitting the highways this vacation season, beginning with the Memorial Day weekend

Inspect, or have your car inspected - check brakes, tires, antifreeze, wiper fluid, gasoline, lights, battery, and wipers.

Pack several blankets, drinking water, flares, and two flashlights with fresh batteries.

Check with your health plan about coverage in your planned destination.

Share arrival, departure and destination information with close friends and family so that people know where and when you are expected.
