Camps...Kids... and Cops!

Officer Sharon Rizzi stops to check on one of the kids' camps being held at Benedictine University this summer.

Hard Hat Area! "CAUTION"

Coal Ben construction kicked off officially on Monday, June 25, 2007. Construction workers arrived early in the morning and erected a protective fence around the construction opening of the Power House where the Coal Ben will be located. Do not enter this area for any reason.

Do you know who I am?

Officer Sharon Rizzi

Officer Sharon Rizzi has (9) years experience as a municipal police officer. Sharon comes to us from Thornton Police Department. Officer Rizzi is assigned to the day shift and is a Residence Hall Resource Officer for Ondrak Hall.

Emergency Response Preparedness

The Benedictine University Police Department has created Incident Command Emergency Response Kits in the event of a large scale emergency on campus.

These kits contain important on-campus and off campus contact numbers, contact numbers for additional professional resources, maps of campus, appropriate building layouts, orange vests to readily identify members of the Emergency Response and Recovery Team.

University Police have made several strong professional relationships with local law enforcement in both, Naperville and Lisle, fire and EMS responders, and a host of other additional resources to aid the University during an emergency.
