December is Toy Safety Month, please be mindful on the proper age group of the toy you give this holiday. A good rule of thumb is if it can fit through a toilet paper roll a small child can choke on it. The University Police would like you and your family to have a joyful and safe Christmas.

It is that time of year when Jack Frost comes nipping at your nose. The University Police would like to share with you some safety tips for winter. 1). be mindful of the weather. The temperature can drop faster than you know it. It is better to dress in layers. 2). be sure to wear some type of covering for your hands, nose, ears and toes. Frostbite is no joke. 3). If you drive a vehicle, make sure you have a spare blanket and fuel in your car. Check to see that your heater works and fluids are full. Check your tires, make sure they are properly inflated and not to worn. 4). Be mindful of your activities outdoors, stay hydrated, if you get to cold or tired go inside to get warm and rest. 5). Remember, The University Police is always here to help when needed. We assist with vehicle jump-starts and vehicle unlocks.
