A Guide to Safety at Benedictine University – Naperville Operational Center

In 1998, Congress enacted the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092 (f)) (or the “Clery Act”, which previously was known as the Crime Awareness and Campus Security Act of 1990). The Clery Act requires colleges and universities receiving federal funding to disclose reported instances of criminal activities on campuses. In addition to the disclosure of campus crime statistics, the Clery Act requires that timely warnings of criminal activity be disseminated to the campus community, as well as the disclosure of various campus policies. For more information on the Clery Act, please visit the Campus Security Web Site of the U.S. Department of Education, Office of Post-secondary Education, at: http://www2.ed.gov/admins/lead/safety/campus.html. The Clery Act is intended to assure that students and their families, as higher education consumers, have access to accurate, complete, and timely information about safety on campus so that they can make informed decisions.

 Procedures for Preparing and Distributing the Annual Security Report

Benedictine University’s Police Department is responsible for preparing and distributing the Annual Security Report to comply with 34 CFR 668.46 of the Clery Act. The Annual Security Report is published annually by October 1st and contains three calendar years of campus crime statistics and certain campus security policy statements in accordance with the Clery Act. This required statistical information is presented in this Annual Security Report. The Annual Security Report also informs individuals how to report crime to University officials or local law enforcement agencies on a voluntary and confidential basis. Security policies include immediately reporting crimes and emergencies, security resources, crime awareness and prevention, security of campus facilities and residence halls, and alcohol, drug and weapons violations.

Term Definitions

Awareness programs: The term awareness programs refers to programs, campaigns, or initiatives that increase audience knowledge of the issues of sexual assault, domestic violence, dating violence and stalking and share information and resources to prevent interpersonal violence, promote safety, and reduce perpetration. These efforts can include campus community-wide mobilizations as well as targeted audience-specific programming (including both students and employees). Awareness month campaigns, rallies or marches, informational poster campaigns or resource websites, and educational programming that focus on sharing resources and information about these issues are examples of awareness programs.

Bystander intervention: The term bystander intervention refers to safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene in situations of potential harm when there is a risk of domestic violence, dating violence, sexual assault, or stalking against a person other than the individual. Effective bystander intervention training prepares participants to recognize situations of potential harm, overcome barriers to intervening, identify safe and effective intervention options, and take action.

Discrimination: The term discrimination refers to conduct that is based upon an individual’s race, color, religion, national origin, creed, service in the uniformed services, veteran status, sex, age, political ideas, marital or family status, pregnancy, physical or mental disability, genetic information, gender identity, gender expression, or sexual orientation that excludes an individual from participation, denies the individual the benefits of, treats the individual differently or otherwise adversely affects a term or condition of an individual’s employment, education, living environment or participation in a University program or activity. This includes failing to provide reasonable accommodation, consistent with state and federal law, to persons with disabilities.

Harassment: The term harassment is based upon an individual’s race, color, religion, national origin, creed, service in the uniformed services, veteran status, sex, age, political ideas, marital or family status, pregnancy, physical or mental disability, genetic information, gender identity, gender expression, or sexual orientation.

Harassing conduct may take various forms, including, name-calling, graphic or written statements (including the use of cell phones or the Internet), or other conduct that may be physically threatening, harmful, or humiliating. Harassment does not have to include intent to harm, be directed at a specific target, or involve repeated incidents. Sex-based harassment includes sexual harassment and non-sexual harassment based on stereotypical notions of what is female/feminine v. male/masculine or a failure to conform to those gender stereotypes.

Ongoing awareness and prevention campaigns: The term ongoing awareness and prevention campaigns refers to campaigns that are sustained over time focusing on increasing awareness or understanding of topics relevant to sexual assault, domestic violence, dating violence and stalking prevention. These programs will occur at different levels throughout the institution (i.e. faculty, athletics, incoming students) and will utilize a range of strategies. Ongoing awareness and prevention campaigns may include information about what constitutes sexual assault, domestic violence, dating violence, intimate partner abuse, and stalking, changing social norms, promoting recognition of perpetrator tactics, enhancing understanding of consent, and advancing prosocial behaviors of individuals and communities. Effective ongoing awareness and prevention campaigns will include developmentally appropriate content for the specific audience and their knowledge and awareness level and provide positive and concrete ways for individuals to get involved.

Preponderance of evidence: This standard of evidence means that a hearing must determine whether a complaint of sex discrimination is “more likely than not” to have occurred or 51% likely to have occurred. This standard applies for all complaints of sex discrimination, including sexual harassment and violence, because Title IX outlines standards for school disciplinary processes –
not criminal complaints, which require the highest standard of evidence, “beyond a reasonable doubt.”

**Primary prevention:** The term primary prevention refers to programming, initiatives and strategies intended to stop domestic violence, dating violence, sexual assault, or stalking before it occurs to prevent initial perpetration or victimization through the promotion of positive and healthy behaviors and beliefs. Efforts to change behavior and social norms, and promote healthy relationships, healthy sexuality and egalitarian gender roles, or efforts to understand risk factors and protective factors for bystander inaction and change social norms around bystander inaction are all examples of primary prevention.

**Proceeding:** The term proceeding does not include communications and meetings between officials and victims concerning accommodations or protective measures to be provided to a victim.

**Programs to prevent:** The term programs to prevent refers to comprehensive educational and training programs intended to prevent violence that incorporate diverse approaches that are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and consider risk and protective factors as they occur on the individual, relationship, community and societal levels.

**Result:** The term result means any initial, interim, and final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanctions imposed by the institution. Notwithstanding section 444 of the General Education Provisions Act [(20 U.S.C. 1232g)](https://www.gpo.gov/fdsys/pkg/PLAW-113publ4/pdf/PLAW-113publ4.pdf), commonly referred to as the Family Educational Rights and Privacy Act (FERPA), the result must also include the rationale for the result and the sanctions.

**Risk reduction:** The term risk reduction refers to approaches that seek to mitigate risk factors that may increase the likelihood of perpetration, victimization, or bystander inaction. Risk reduction focuses on helping individuals and communities address the institutional structures or cultural conditions that facilitate sexual violence, domestic violence, dating violence and stalking to increase safety. Examples of risk reduction may include but are not limited to general crime prevention education, campus escort programs, programs that educate on how to create individual and community safety plans and strategies, and bystander intervention programs that educate the campus on how to recognize and interrupt situations of harm, or implementing a communications system that can notify the entire campus community of immediate threats to security. For more tips, visit this [link](https://www.gpo.gov/fdsys/pkg/PLAW-113publ4/pdf/PLAW-113publ4.pdf).

**Unfounded:** The term unfounded refers to where sworn or commissioned law enforcement personnel have fully investigated the reported crime and have made a determination that the crime report is false or baseless and therefore “unfounded.”

**Campus SaVE Act and Title IX**

The Campus Sexual Violence Elimination Act (Campus SaVE) refers to the recent Violence Against Women Act (VAWA) amendments to the Clery Act. [(https://www.gpo.gov/fdsys/pkg/PLAW-113publ4/pdf/PLAW-113publ4.pdf)](https://www.gpo.gov/fdsys/pkg/PLAW-113publ4/pdf/PLAW-113publ4.pdf) This is an update to the Clery Act, expanding the scope of this legislation in terms of reporting, response, and prevention education requirements around rape, acquaintance rape, domestic violence, dating violence, sexual assault, and stalking. In addition, a new training requirement has been established for all incoming students and employees. Benedictine University (the “University”) takes it one step further and requires all students, faculty and staff to complete the training. We have contracted with an outside vendor to provide us with online training.

Title IX of the Education Amendments of 1972 (Title IX) is a federal civil law that prohibits discrimination on the basis of sex in education programs and activities. Under, Title IX, discrimination on the basis of sex can include sexual harassment or sexual violence, such as rape, sexual assaults, sexual battery, and sexual coercion.

The University is committed to maintaining a positive learning, working and living environment. The University does not discriminate or allow harassment on the basis of race, color, religion, national origin, sex. Gender, gender identity, age, marital status, citizenship, mental or physical disability status, sexual orientation, order of protection status, military or veteran status, or any other characteristic protected by law in admission and access to, and treatment and employment in its educational programs and activities.

In pursuit of these goals, the University will not tolerate acts of discrimination, harassment, sexual misconduct (including dating/domestic violence or stalking) or retaliation against or by any administrator, staff, faculty or student as such behavior seriously undermines the University’s effectiveness as an educational institution and a workplace.

- A written request can be sent to Benedictine University Police at 5720 College Road, Lisle, IL 60532.

Emergency Warning

The safety of all faculty, staff, students and visitors to our campus is important to the University. The Emergency Response and Recovery Team (“ERRT”) developed the Emergency Response and Recovery Plan (“ERRP”) for the purpose of preparing the University community for an emergency event or disaster. The University community’s adherence to the ERRP guidelines will enable the University to communicate in a timely manner in the event of an emergency or disaster, save lives and reduce potential for additional injury and property damage, meet basic human needs, and restore essential operations and priority services.
The ERRT is assembled and the Emergency Operations Center ("EOC") is activated upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of students, employees or guests on campus.

The ERRT members or designees alert and/or notify the campus population and the general public of major emergencies through a combination of the following University Emergency Alerts and Information Notification systems. These systems are:

- BenAlert emergency notification system.
- Fire alarms in building are automatically activated in the event of a fire or can be activated by a pull station.
- Broadcast e-mail with the "Importance: High" option (message will appear with a red exclamation point in each user’s inbox) and emergency situation details to #All Adjunct Faculty; #All Main Campus Faculty; #All Main Campus Staff; #All Main Campus Student.
- Broadcast voicemail with emergency situation details with the “Urgent Delivery” option to all users who have a voicemail account, including all faculty and staff with an assigned private telephone number, and all department or area office telephones. The urgent message is the first one played back when listening to voicemail messages. However, there is no visible or audible signal that differentiates an “urgent” from a regular voicemail until a user logs into their voicemail box. Please note that voicemail broadcasts require more time to distribute. The last user may not receive a message for 10-20 minutes after initializing the process.
- Benedictine University website (www.ben.edu) and Emergency Information Web page (http://www.ben.edu/emergency/) with emergency situation details posted.
- Emergency Information Line at (630) 829-6622 with emergency situation details recorded.
- The Switchboard operators are provided with, and the switchboard message recorded with, the emergency situation details.
- The University’s Emergency Notification Phone Tree. Each University office is responsible for creating and maintaining a phone tree to ensure effective communication of emergency situation details.
- The President may issue an email to the internal community and a letter to current and prospective Benedictine parents, alumni and friends of the University.
- ERRT members and their designees may provide verbal notification by walking around campus to communicate emergency situation details.
- The Executive Director of Marketing and Communications or her designee will update the Emergency Closing Center ("ECC"), which is then automatically broadcast to all Chicago area radio and TV stations, the ECC website, and email notification system (for those who have signed up to receive this information from the ECC at www.emergencyclosings.com/complete.html).
- Cancellations.com, similar to the ECC (above).
- The Office of Marketing and Communications and/or Student Life will post updates to Facebook and Twitter.

These may be updated hourly or daily as needed as details develop. Details may include general information; warnings or notices to have awareness of particular items; the status of classes, activities, and/or the campus or specific buildings; and for health-related incidents, information about relevant signs and symptoms of a health condition, protection and prevention measures, suspected or confirmed cases, isolation or quarantine, areas, and other pertinent items.

**Timely Warnings**

When a crime that poses a serious or continuing threat to members of the campus community occurs on campus and is reported to law enforcement, the University Police, or other University officials, the ERRT will activate the University’s Emergency Alerts and Information Notification systems as described above.

Information regarding minor crimes or non-life threatening incidents (i.e., incidents that do not pose a direct threat to the campus community) will be disseminated at the discretion of the University Police in the form of e-mail alerts, reports to the student newspaper and notices posted on exterior doors and bulletin boards. In addition to timely warnings of campus crimes, University Police will provide prevention strategies to inform the campus community of actions to take, to ensure a safe environment.

**Authority and Jurisdiction of Police Department**

The University Police is legally authorized by the Illinois Private College Campus Police Act, a statute which grants legal authority under state law for private colleges and universities to create their own police departments, with the jurisdiction and powers that are listed in the statute:

Members of the campus police department shall have the powers of municipal peace officers and county sheriffs, including the power to make arrests under the circumstances prescribed in Section 107-2 of the Code of Criminal Procedure of 1963, as amended, for violations of state statutes or municipal or county ordinances,
including the ability to control and regulate traffic on the public way contiguous to the college or university property, for the protection of students, employees, visitors and their property, and the property branches, and interests of the college or university, in the county where the college or university is located.

**Chapter 110, Illinois Compiled Statutes Sec. 1020/1**

As of the date of this Report, the University Police Department is comprised of the following: fourteen (14) armed, state-certified police officers with powers of arrest (110 ILCD 1020/1), two (2) Community Service Officers, and six (6) Emergency Dispatchers. Campus security is maintained through vehicle, bicycle and foot patrols, and a 24-hour Emergency Dispatch Center, which monitors electronic security and safety equipment, emergency and non-emergency telephone requests for service and radio communications. Services are provided 24/7, including special events, athletic competitions and large gatherings. Operating on the concept of Community-Oriented Policing, the University Police fosters a positive relationship with the community, providing personal and workplace safety, security training, fire prevention, drug and alcohol awareness, and training for Residence Life staff. All officers are certified in CPR/AED and first aid and maintain on-going State-certified law enforcement training and development, including domestic violence and conflict resolution strategies.

The Benedictine University Police Department consisting of State commissioned law enforcement officers, maintains a close working relationship with the City of Naperville Police Department. Meetings are held between the leaders of both departments on both a formal and informal basis. The officers of the University Police communicate regularly on incidents that occur in and around the campus area. The University Police work closely with the investigative staff of the City of Naperville Police Department, county, state and federal law enforcement agencies, when incidents arise that requires joint investigative efforts, resources, crime related reports and exchanges of information, as deem necessary. There is no written Memorandum of Understanding between the University Police and City of Naperville Police Department, as both departments have law enforcement jurisdiction.

The University Police is augmented by area law enforcement agencies, through a Memorandum of Understanding, which provides law enforcement and first responder resources to address serious acts of criminality, emergency fire and medical services, emergency disaster and recovery efforts. The University Police collect crime reports from local law enforcement agencies for Clery Act statistical reporting for all properties, owned, controlled and/or adjacent to the University.

“Active Shooter” training is conducted on campus with the local police agency and officers receive annual firearms qualifications, including patrol carbines. The University Police maintain a page on the University’s website which provides information on services, registered sex offenders, anonymous reporting, residence hall safety, Clery Act crime statistics, a monthly newsletter, alternatives to drinking, and traffic enforcement initiatives.

The Chief of Police serves on several University committees that have a direct impact on campus safety, security and violence prevention. University Police officers enforce all state criminal statutes as well as the University’s Student Code of Conduct, and provide referrals for reports of off-campus crime.

The University Police office is located on the ground level of the Parking Garage in the southwest part of the Lisle campus. The office hours are Monday - Friday, 8:00 a.m. - 4:00 p.m. Police officers are on campus 24 hours a day, seven days a week. The University Police can be contacted at (630) 829-6122. For emergencies, call 9-1-1 Naperville Police Department and the University Police (630) 829-6666.

**Criminal Charges**

Criminal charges filed by the University Police are heard in the Circuit Court for the Eighteenth Judicial Circuit in and for DuPage County, located in Wheaton, Illinois. Failure to appear for designated court dates may result in the Court issuing a warrant for Criminal Failure to Appear and/or the revocation of bond.

**Code of Conduct**

Violations of an Illinois state statute, City of Naperville ordinance, or University policy also may be a violation of the University’s Student Code of Conduct. The University Police may refer violators to the Vice President of Student Life for student disciplinary proceedings, in addition to, or in lieu of, criminal charges. If referred for disciplinary proceedings, the violator must comply with notices to appear to the Vice President or his designated representative. Failure to comply with notices to appear will result in sanctions and/or the pursuit of criminal charges.
Access to Campus Facilities

The Naperville Operational Center is open to the public during normal operating hours, Monday through Friday, 8:00 a.m. – 4:00 p.m. After hours, buildings are secured and only persons with authorized access permission can enter or remain in the buildings. The campus is well-lit and inspected daily by Facilities Management to ensure facilities and grounds are safely maintained, through the property management office.

Security hardware and technology consist of a campus-wide master key system for all lockable doors; exterior building and parking lot lighting; a CCTV system in various campus buildings; residence hall card access control; emergency call boxes in parking lots and building entrances; fire alarm system; emergency telephones located in numerous building common areas; intrusion detection/panic alarms; radio communications between Police, Residence Life, Sports Complex, Athletics and Facilities Management; written building access and room opening protocol; posted “No Trespassing” signage at all campus property access points; campus-wide interior and exterior public address system; and photo ID cards for faculty, staff, students, contractors and visitors. All systems are controlled and audited by Facilities Management and the University Police.

Hate crimes will be reported to University Police. The University will provide support services for persons who have been victims of hate crimes. Staff will serve in an advocacy role and help refer individuals for appropriate medical, police, and counseling assistance.

**Prevention and Reporting of Sexual Assaults**

It is the intent of the University to provide a safe and secure environment for University employees, students and visitors, by establishing preventative measures to avoid or reduce campus violence.

The University is committed to providing a safe learning and work environment for the campus community. The University has a zero tolerance standard with regard to threats and/or violent behavior, whether direct, indirect, implied, or actual conduct by any person, including faculty, staff, students and members of the public. The University will respond immediately and decisively to resolve disruptive or destructive behavior, by means of awareness and educational programming, enforcing University policies, discipline or sanctions of employees and students, and criminal prosecution.

Community policing encourages the campus community to participate actively in campus crime prevention. During orientation in August students are informed of services offered by the University Police. Throughout the academic year, the University Police, together with the Office of Emergency Preparedness and Student Health Services, provides and promotes demonstrations, seminars, informational programming, a monthly newsletter and the periodic production of posters, e-mails and safety brochures on campus crime prevention topics throughout the academic year.

University Police educates students, faculty and employees on awareness of rape, acquaintance rape, forcible and non-forcible sex offenses, to include sexual assault prevention, self-defense and bystander intervention workshops are presented during the academic year, with instructor driven full-contact demonstrations of self-defense methods, environmental awareness, appropriate response to, and withdrawing from a pre-attack encounter. Awareness of rape initiatives are addressed through lecture and audio/visual presentation, brochures, posters, monthly University Police News Letter and through collaboration with Student Health Services, and during Health and Safety fairs. A monthly alcohol and drug awareness workshops is hosted by the University Police, along with the availability of internal on-campus referrals and services, as well as external advocate agencies to victim of sexual assault and the community at-large. Acquaintance rape educational programs are presented during student and employee orientation, at table displays throughout the campus, staffed by University Police Officers, Mock social parties which focus on how to respond to uninvited sexual advances and knowledge of drugs that are applied to beverages to cause memory loss, during a sexual assault, coupled with educational brochures and video presentations on the topic. Criminal law kiosks are set up throughout the campus every semester, to address or refer the concerns of sexual assault, dating violence, stalking and harassment, forcible and non-forcible sex offenses. External sexual assault advocates provide information and empowerment presentations, which include roll-playing of situations that explain the difference between forcible and non-forcible sex offenses. Alternatives to drinking initiatives, which are presented every semester, address staying safe at social engagements and the bystander/Good Samaritan response, should knowledge of a sexual assault become apparent. These awareness initiatives are available to all student, faculty and staff.

Additional periodic programming and information is provided on the important subjects of disaster response, evacuations, first aid, CPR, use of AED device, fire safety training, and University Police operations. Crime victims are provided information about resources available from external sources.

The University encourages reporting of all incidents or related retaliation to the Title IX Coordinators and respects that whether or not to report the incident is a decision that the victim needs to make. The Title IX Coordinators are available to inform victims of the reporting procedures, services, advocates, appropriate referrals and information for victims in a safe, supportive, and confidential setting. The University offers services to victims even if they choose not to report the incidents. In some circumstances, a victim may wish to seek an Order of Protection from a court of appropriate jurisdiction against an alleged perpetrator. Victims may also seek restriction of access to the University by non-students or non-employees in certain circumstances.

Personal safety concerns are often very important for victims. Crisis intervention and victim safety concerns will take precedence.
Sexual Misconduct

The University defines “sexual misconduct” as any attempted or actual act of non-consensual or forcible sexual touching.

“Consent” requires speech or conduct indicating a freely given, un-coerced agreement to engage in sexual contact. Consent may not be inferred from silence or passivity alone and a current or previous relationship is not sufficient to constitute consent. Consent may be withdrawn at any time prior to a specific sexual act by either person.

To be valid, the person giving consent must be physically and mentally able to:

- understand the circumstances and implication of the sexual act;
- able to make a reasoned decision concerning the sexual act; and
- able to communicate that decision in an unambiguous manner.

There are a number of factors which may limit or negate a person’s ability to consent to a sexual act. These include impairment due to the influence of alcohol or drugs (illegal or prescription), a person’s mental or physical impairment of which the other person is aware or should reasonably have been aware, unconsciousness, age, and fear or coercion.

Additional information is located at VAWA/Campus SaVE Act Policy.

Sexual Assault Victim Reporting Policy

A person who has been a victim of sexual assault is strongly encouraged to immediately report the crime to the University Police (630) 829-6666, a residence hall staff member, the Vice President of Student Life, the Health Services Counseling Center, Campus Security Authority members, Title IX Coordinator, or an outside community agency such as the DuPage Women Against Rape Hotline at (630) 971-3927. Victims are strongly urged to preserve all physical, trace and serological evidence, to include clothing, bedding and body fluids, associated with the assault, to ensure a successful criminal prosecution, or administrative sanction against the offender, if desired. The University provides support services for persons who have been victims of sexual assault. Staff will serve in an advocacy role and help refer individuals for appropriate medical, law enforcement, judicial and counseling assistance. Upon request, assistance will be provided in changing academic schedules and living arrangements.

Even if a victim decides not to file a criminal complaint with the University Police, it is recommended that the individual contact a University or community resource for support. Victims are entitled to confidential services either on or off campus, whether or not charges are pressed. Resources both on campus and in the community are:

The Bill of Rights for Victims and Witnesses of Violent Crime is an Illinois law that ensures fair and compassionate treatment for victims and witnesses of violent crime. The law guarantees two basic rights to crime victims and witnesses - the right to obtain information from the criminal justice system, and the right to be treated in a humane way by the system.

Illinois Domestic Violence Act: Rights of Victims

Domestic violence is a crime. Any person, who hits, chokes, kicks, threatens, harasses or interferes with the personal liberty of another family or household member has broken the Illinois Domestic Violence law. Under Illinois law family or household members are defined as

- family members related by blood;
- people who are married or used to be married;
- people who share or used to share a home, apartment, or other common dwelling;
- people who have or allegedly have child in common or a blood relationship through a child in common;
- people who are dating or engaged or used to date, including same sex couples; and
- people with disabilities and their personal assistants.

(Excerpt from the Illinois Domestic Violence Act webpage, Illinois Attorney General)

Domestic violence consists of physical assault, sexual abuse and stalking. The violence takes many forms and can happen all the time or once in a while. If you are in an abusive situation, you are urged to seek help. For on-campus resources refer to the following resources:
Domestic Violence Resources
Family Shelter Service

Illinois Coalition Against Domestic Violence

For employees who may have been a victim of domestic or sexual violence, or who have a family member who has been a victim of domestic or sexual violence, the University fully complies with the Illinois Victims’ Economic Security and Safety Act (VESSA), which gives employees affected by domestic violence certain rights for leaves of absence, protective measures in the workplace, and reasonable accommodations. More information about the University’s VESSA policy may be obtained from Personnel Resources.

Disciplinary Process Sexual Assault Policy

Students accused of sexual misconduct will be subject to disciplinary action in accordance with the University’s policies and procedures for student misconduct. At the discretion of the University, persons accused of sexual misconduct may be immediately suspended or restricted from campus pending final disposition of any disciplinary proceedings. Individuals found to have committed sexual misconduct will be subject to sanctions, up to and including dismissal from the University.

In addition to student disciplinary action, persons accused of sexual misconduct may be subject to criminal prosecution by the law enforcement agency with appropriate jurisdiction in that case. In the course of a criminal investigation or prosecution, the University may choose or may be required to provide information and records related to its disciplinary proceeding involving the same act. However, the University’s student disciplinary process is independent of and not dependent upon any criminal process. The decision to prosecute or not prosecute and the ultimate outcome of any criminal proceedings do not determine the University's student conduct proceedings.

At institutional disciplinary proceedings the accuser and the accused are entitled to the same opportunities to have others present during a disciplinary proceeding and both the accuser and the accused will be informed of the outcome of any institutional disciplinary proceedings brought alleging a sex offense.

Similarly, the University’s decisions with respect to the continued employment of any employee (faculty or staff) accused of sexual misconduct will be made independently of the filing or disposition of any criminal charges involving the same conduct.

Additional information is located at VAWA/Campus SaVE Act Policy.

Preponderance of the Evidence

The student conduct process at the University requires a preponderance of the evidence in order for a student to be found in violation of the University policy. This means that a student will be found in violation of a University policy if the evidence demonstrates that it is “more likely than not” that the alleged violation occurred.

Sanctions

The following sanctions may be imposed upon any student found to have violated the standards as defined in the Benedictine University 2015 - 2016 Student Handbook. This does not and cannot include all information that may lead to sanctions. Sanctions are defined and imposed as follows:

A. Warning: A written statement to the student indicating disapproval of their conduct or violation of regulations, and stipulating that continuation or repetition of such action may be cause for more severe judicial action.

B. Restitution: Reimbursement for damage to or mishap of property. Restitution may take the form of monetary compensation or the appropriate service to repair damages and may be combined with another type of sanction.

C. Monetary Fine: Financial assessment imposed according to specific sums stipulated in published rules and regulations, or when no sum is so stipulated, according to the merits of the case and established precedents.

D. Disciplinary Probation: The student is informed in writing that any subsequent misconduct or violation of institutional regulations during a specified period of time will be evaluated within the context of their probationary status and may result in suspension or expulsion. The terms of probation apply during the period of probation and may include any of the following:

1. May not become an officer or student representative in any University organization or committee.
2. May not represent the University at any public function, including intercollegiate or co curricular activities.
3. May not be eligible for scholastic honors or distinctions.
E. Counseling or Psychological Treatment Mandate: If deemed necessary due to physical or psychological problems, a student can be required to provide a release of information form to verify psychological/substance abuse/evaluation and may have further treatment mandated as a condition of enrollment.

F. Residency Probation: The student is informed in writing that their general behavior in the residence hall indicates that they are not able to appropriately adjust to group living, and that any subsequent misconduct or violation of institutional regulations may result in the termination of their residence hall contract. In such cases, room and board charges will not be prorated or refunded.

G. Community Service: The student will be assigned a task to complete that will, on many occasions, relate to the inappropriate behavior. A time frame will be set up for the completion of this task and the student will be assigned a supervisor to whom to report.

H. Behavioral Contract: A contract between the student and the University that limits student activities and spells out specific consequences for violation of the contract may be issued.

I. Special Projects: An assignment relating to the offense may be issued as a possible sanction.

J. Suspension: The student is informed in writing they must leave the University community temporarily. Suspension shall be interpreted to include any or all of the following stipulations: the student may not attend classes, contact faculty, reside on campus or visit residence halls, frequent campus facilities, and participate in campus activities or exercise student privileges. Suspension may be specified as follows:

1. Terms: suspension may be stipulated for a specified period of time. After the suspension period, the student is automatically eligible for readmission.

2. Conditional: suspension may be stipulated for an indefinite period of time premised on the student’s accomplishment of certain specified conditions.

3. Interim: the University reserves the right to suspend a student on an interim basis when circumstances and facts indicate the student’s continued presence on the campus constitutes an unreasonable danger to institutional property, the student or others. Interim suspension may be interpreted to permit all of the stipulations stated above, or may permit students to continue attending classes while they are suspended from representing the University in extracurricular activities, including intercollegiate athletics.

K. Expulsion: The student is informed in writing that they are permanently separated from the University.

Registered Sex Offender Information

A link to the Illinois Sex Offender Registry can be found on the University Police pages of the University web site at: http://www.isp.state.il.us/sor/. This information can also be located through the Illinois State Police (ISP) web site. All registered sex offenders must register themselves with the University Police if they intend on becoming a student. The University Police frequently search the ISP web site for registered sex offenders living off campus, in the general vicinity of the University and as a matter of preemptive intelligence gathering.

Sexual Harassment Policy

Students are strongly encouraged to report all incidents of sexual harassment to Title IX Coordinators. The University will conduct an appropriate and discreet investigation of all reports of sexual harassment. The details of the investigation will be kept as confidential as feasible, consistent with University policies and applicable federal, state and local laws.

• Complaints of sexual harassment by a University executive, faculty member, staff member, or teaching assistant are reported to and investigated by the employee’s immediate supervisor, or the Associate Director of Personnel Resources, Compliance Officer or any other senior University official. (If any person to whom the report would be directed is involved in or associated in any way with the alleged conduct, the report must be directed to another senior official who is not involved.)

• Complaints of sexual harassment by a student are reported to and investigated by the Title IX Coordinator. (If any person to whom the report would be directed is involved in or associated in any way with the alleged conduct, the report must be directed to another senior official who is not involved.)

• An appropriate and timely response to each complaint will be provided.

• No individual who makes a good faith report shall be subjected to retaliation, including harassment or any adverse employment, academic or educational consequence, as a result of making a report.
Discriminatory Harassment Policy

The University is responsible for creating an environment where we are treated with respect and dignity. Sometimes behavior that seems acceptable to you may be offensive to others. Any harassment or false accusations of harassment, or by employees or students, is not acceptable. The University prohibits harassment on the basis of sex, race, religion, age, national origin, disability, sexual orientation, or membership in any other group, or any characteristic, protected by law, including the following behaviors:

- Unsolicited remarks, gestures, or physical contact; display or circulation of written material or pictures negative or offensive to gender or to racial, ethnic, religious or other groups, or to any characteristic, protected by law;
- Unwelcome sexual advances, request for sexual favors, and all other verbal or physical conduct of a sexual or otherwise offensive nature, especially where submission to such conduct is made either explicitly or implicitly a term or condition of employment or academic advancement or status, or the basis for employment-related decisions affecting the employee or decisions affecting the individual's academic advancement or status; or
- Conduct that has the purpose or effect of interfering with an employee's work or academic performance or creating an intimidating, hostile, or offensive working or learning environment.

Enforcement of Prohibitions

Harassment of any sort is a serious breach of University policy. The University will take prompt and appropriate corrective action, up to and including termination of employment, expulsion and/or other sanctions against anyone who engages in harassment. If you believe you have been the subject of harassment (or a violation of the University's Equal Employment Opportunity policy), report the alleged conduct immediately to the Vice President of Student Life, Associate Director of Personnel Resources, Compliance Officer or any other senior University official. The University prohibits any form of retaliation against any employee or student for filing a complaint or for assisting in a complaint investigation.

Violation of Law and University Discipline

The University Police seek to maintain a safe and secure campus environment. The University Police has authority to enforce state and local criminal and traffic laws, as well as University policies.

At the discretion of the University Police Officer, based on the seriousness of the offense, violations of the law may result in custodial arrest and criminal charges brought against any student, faculty, staff, guest or visitor. The Naperville Police Department also has jurisdiction to make arrests on campus, should the Naperville Police become aware of a criminal offense.

University Police may also issue administrative citations for violations of Illinois law or for violations of the Student Code of Conduct including but not limited to those violations involving the use or possession of drugs and alcohol. The same violations may be brought to the attention of the Associate Dean of Students or the Vice President of Student Life. Faculty and staff conduct violations are brought to the attention of the Associate Director of Personnel Resources, and to the appropriate senior Vice President.

Student Life Conduct Process - Conflict Resolution Procedure

Failure to abide by your responsibilities and any University policies and procedures will be resolved through the Student Life Conduct Process. Many times misconduct can be resolved informally, but situations may require a more formal procedure. The procedure is grounded in the concept of fairness and impartiality, thereby supporting the values of our community by addressing misconduct in a constructive and positive way. If University action is warranted, a student will receive a phone call and/or email to their student email account notifying them that a conversation is required. The following options will be considered by the Office of Student Life:

Mediation - Incidents may be resolved through mediation – a voluntary, private and informal process.

Hearings - Two kinds of hearings are possible: an administrative hearing (appointed University officials) and panel hearing (representatives of the student body, faculty and administration act as panel hearing members). The purpose of the hearings is to come to an understanding of the misconduct by the student(s), determine responsibility and remedies. Hearings can be used to resolve minor disciplinary matters or more serious matters (not limited to theft, dangerous weapon possession, misuse of fire protection equipment, sexual assault, illicit use of drugs and repetitious misconduct) that may result in a student being suspended or dismissed from the University or residence halls. Hearings may be conducting by a designated hearing officer or board depending on the incident as determined by the Office of Student Life.
Hearings will proceed in the absence of a respondent who was given proper notice, who does not request a postponement and who does not attend the hearing. No parent, guardian, legal counsel or person outside of the University community is allowed to appear at the hearing, except if criminal proceedings are occurring simultaneously.

To ensure a fair process, parties may request that community members assist and participate in the investigation and hearing process. Students, faculty or staff who agree to assist and/or attend the hearing with the party but do not speak at the hearing shall provide such assistance. In the event a party is unable to locate someone to act in this capacity, they may request the assistance from the Office of Student Life. The administrator or Hearing Panel will be responsible for assigning a remedy in the event it finds that a violation of the Statement of Responsibilities or University policy has taken place. Consideration of a student’s entire disciplinary record at the University will be taken into account when designing an appropriate sanction.

Appeal Process - A student may appeal a decision made by a hearing concerning the finding of a violation or the remedy imposed within five days of notification of a decision. To do so, the student must deliver a written explanation on the grounds upon which the appeal is made to the Office of Student Life. The burden of demonstrating an inequity in the hearing or remedy shall lie with the student. The responsibility of making a final decision will rest with the Office of Student Life.

Student Off-Campus Criminal Conduct

A student attending a University-sponsored function off campus is subject to the same standards of conduct as those expected on campus. Because the University is located within a community, any University student who has violated criminal laws also may be subject to University judicial proceedings. Violations of local, state or federal laws on campus may also result in the filing of criminal charges.

Crime Prevention Awareness and Personal Safety Education

Community policing encourages the campus community to participate actively in campus crime prevention. During orientation in August students are informed of services offered by the University Police. Throughout the academic year, the University Police Department, together with the Office of Emergency Preparedness and Student Health Services, provides demonstrations,
seminars, informational programming through periodic demonstrations and presentations on such topics as response to an active shooter threat, drug and alcohol awareness education, credit card fraud, identity theft, an annual Citizens Police Academy and participation in Nation Night Out, both of which creates awareness and prevention in personal protection, sexual assault, an understanding of criminal law, the operations of the Criminal Justice System and the ability to interact with members of first responder agencies and organizations. A monthly University Police newsletter is distributed to all students, faculty and staff, informing the community of upcoming crime prevention events, police initiatives to reduce crime, coupled with quick tips on crime prevention and reduction. Crime prevention posters, flyers and brochures are posted and distributed on an on-going basis, as programs, initiatives and legislation is updated. Campus community wide e-mails are sent, when a pattern of criminal active is identified and what steps can be taken to prevent future crime. Sexual assault, environmental awareness, by-stander intervention and empowerment are presented once per academic semester, which focuses on response and recovery from sexual assault. Alcohol and drug awareness workshops are presented monthly to underscore the results of substance abuse and the social and legal consequences of violating legislative laws and administrative rules, which includes support for on-campus referrals and services and alternatives to drinking initiatives are presented periodically during the academic year, as alternatives to drinking, by engaging the community in athletic events, team building and roll playing demonstrations, which include mock-parties, responsibilities to other community members who may be in jeopardy of abusing substances. Additional programming and information is provided on the important subjects of disaster response and evacuations are practices annually in mock fire and disaster exercises. Training in First Aid, CPR and the use of AED devices are provided three times during the academic year. Fire safety training is provided annually, which includes the use of fire extinguishers, building evacuations and prohibited items, which may increase the likelihood of creating a fire. Crime victims are provided information of resources available from external sources, such as advocates for Domestic Violence, Dating Violence, Sexual Assault, Harassment and Bias crimes, as they are reported to the University police and periodically through e-mail alerts, posters, videos and demonstrations.

Missing Student Notification Policy

This policy contains the official notification procedures for the University concerning missing students who reside in on-campus housing, in accordance with the requirements of the Higher Education Opportunity Act of 2008 (HEOA). The purpose of this policy is to promote the safety and welfare of members of the University community through compliance with HEOA requirements. This policy is mandatory and must be adhered to by all University faculty, staff, and students.

1. In the event that a member of the University community has reason to believe that a student who resides in on-campus housing is missing, he or she shall immediately notify the University Police at 630-829-6666. The University Police will generate a missing person report and initiate an investigation. In addition, the University Police will report the missing person to appropriate staff on campus.

2. During the course of the investigation, staff will determine if the student has been missing more than 24 hours. In such event, the University Police will confer with the surrounding law enforcement agency and the student’s emergency contact no later than 24 hours after the student is determined to be missing for more than 24 hours. If the missing student is under the age of 18 and is not an emancipated individual, staff will notify the student’s parent or legal guardian immediately after they determine that the student has been missing for more than 24 hours.

3. In addition to registering emergency contacts, students residing in on-campus housing have the option to identify confidentially an individual to be contacted by the University in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, the University will notify that person no later than 24 hours after the student is determined to be missing for more than 24 hours. Students who wish to identify a confidential contact can do so by completing the appropriate paperwork during check-in procedures.

4. This policy is effective from the date of issuance and will be made available to all members of the campus community. The policy is located at: http://www.ben.edu/aboutus/upload/Notification-Policy-for-Missing-Students.pdf

Policy Statement Addressing Counselor Confidentiality

The University encourages its pastoral and professional counselors and appropriate health services staff to inform persons seeking their services of the procedures to report crimes on a voluntary, confidential basis for inclusion in the University’s annual disclosure of crime statistics. This process is employed at the discretion of the pastoral and professional counseling and health services staff, as they deem appropriate.
Counselors are defined as:

**Pastoral Counselor** – A person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.

**Professional Counselor** – A person whose official responsibilities include providing mental health counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification. This definition applies even to professional counselors who are not employees of the institution, but are under contract to provide counseling at the institution.

All information with regards to counseling remains confidential, except in situations where there is a threat to life and safety. The Counseling Center prohibits the release of any information without explicit, informed and written authorization. The Counseling Center works closely with the Early Alert team (“EAT”). Information on EAT can be found at: [http://www.ben.edu/campus_resources/early-alert-team.cfm](http://www.ben.edu/campus_resources/early-alert-team.cfm). University Police, Campus Ministry and outside professional agencies, to minimize any threat to one’s self and the entire internal and external campus community.

**Security Awareness Programs**

Emergency Response and Recovery Team is responsible for numerous campus safety and violence prevention programming, to include the development and maintenance of the Emergency Response and Recovery Plan, the Emergency Operation and Business Continuity Plan, Campus Violence and Prevention Plan, mass emergency communications initiatives, and community training and awareness. The ERRT is charged with developing and updating plans to prepare the University community for the event of an emergency or disaster. Through consistent promotion, educational training, and awareness campaigns, the ERRT hopes to save lives, reduce injuries, minimize property damage, and assure and facilitate the restoration of essential operational and priority services. The keys to an effective Emergency Operations Plan are to communicate in a timely manner when an emergency or disaster is identified, and to train as many community members as feasible in the procedures for emergencies and disasters, and recovery.

The ERRP is presented in an easily recognized flipchart type document. Each strip is the first page of a separate section of the ERRP and the strip identifies the subject of each section. The ERRP is displayed throughout every campus building, posted on the University website, and is made available in hard-copy to all community members. Highlighted in the ERRP are the following topics: BenAlert; Evacuation; Behavioral Assessment Reporting Guidelines, Fire, Bomb Threats, Workplace/Classroom Violence; Severe Weather; Utility Failure; Hazardous Material Accidents; First Aid; Automated External Defibrillator; Lightning and Tornado procedures.

The Benedictine Emergency Response and Recovery Plan for 2016-2017 can be located at: [http://www.ben.edu/emergency/upload/Naperville_ERRT_16-17.pdf](http://www.ben.edu/emergency/upload/Naperville_ERRT_16-17.pdf)

**Crime Statistics/ Crime Log**

The University Police, in accordance with the Clery Act, maintains a daily Crime Log, and prepares and distributes statistics annually on all reported occurrences of offenses below. The Clery Act requires the annual publication of crime statistics for the previous three calendar years.

Pursuant to the Clery Act, the crime statistics include reports of arrests for, and disciplinary actions arising from selected crimes. Crime that occur on campus (including in residence halls), areas contiguous to University property (including on the public way), and hate crimes are included. Hate Crimes Definitions

Hate Crime: is a criminal offense committed against a person or property which is motivated, in whole or in part, by the offender's bias. For Clery purposes, hate crimes include any offense in the following two groups that is motivated by bias: Group A: murder and non-negligent manslaughter, forcible sex offenses, non-forcible sex offenses, robbery, aggravated assault, burglary, motor vehicle theft and arson; Group B: larceny-theft, simple assault, intimidation and destruction/damage/vandalism of property.

Bias: is a preformed negative opinion or attitude toward a group of persons based on their race, gender identity, religion, disability, sexual orientation, ethnicity and national origin.

Race: a preformed negative attitude toward a group of persons who possess common physical characteristics (e.g., color of skin, eyes, and/or hair; facial features, etc.) genetically transmitted by descent and heredity, which distinguish them as a distinct division of humankind (e.g., Asians, blacks, whites).

Gender identity: one’s innermost concept of self as male, female, a blend of both or neither – how individuals perceive themselves and what they call themselves. One’s gender identity can be the same or different from their sex assigned at birth.

Religion: a preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being (e.g., Catholics, Jews, Protestants, atheists).

Sexual orientation: a preformed negative opinion or attitude toward a group of persons based on their sexual attraction toward, and responsiveness to, members of their own sex or members of the opposite sex (e.g., gays, lesbians, heterosexuals).

Ethnicity: the fact or state of belonging to a social group that has a common national or cultural tradition.

National origin: broadly as including, but not limited to, the denial of equal employment opportunity because of an individual’s, or his or her ancestor’s, place of origin, or because an individual has the physical, cultural or linguistic characteristics of a national origin group.

Disability: a preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments/challenges, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

Larceny-Theft: is the unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. (Larceny and theft mean the same thing in the UCR.) Constructive possession is the condition in which a person does not have physical custody or possession, but is in a position to exercise dominion or control over a thing.

Simple Assault: assaults and attempted assaults where no weapon was used and which did not result in a serious or aggravated injury to the victim. (Currently, this crime category only applies to hate crimes.)

Intimidation: is to unlawfully place another person in reasonable fear of bodily hard through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

Destruction/Damage/Vandalism of Property: is to willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.
