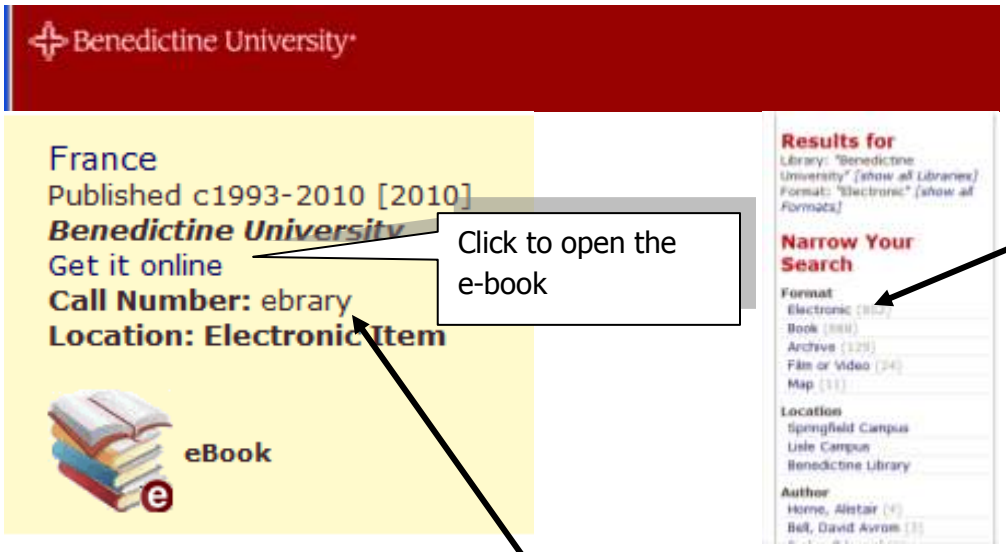
Ebooks

Our e-book collection is available through a variety of sources – ebrary*, Ebsco Book Collection, Sage E-Reference, Gale* and more.

Access e-books through the search engine available under the **Books & Reserves** tab on the library home page.

This logo indicates an e-book

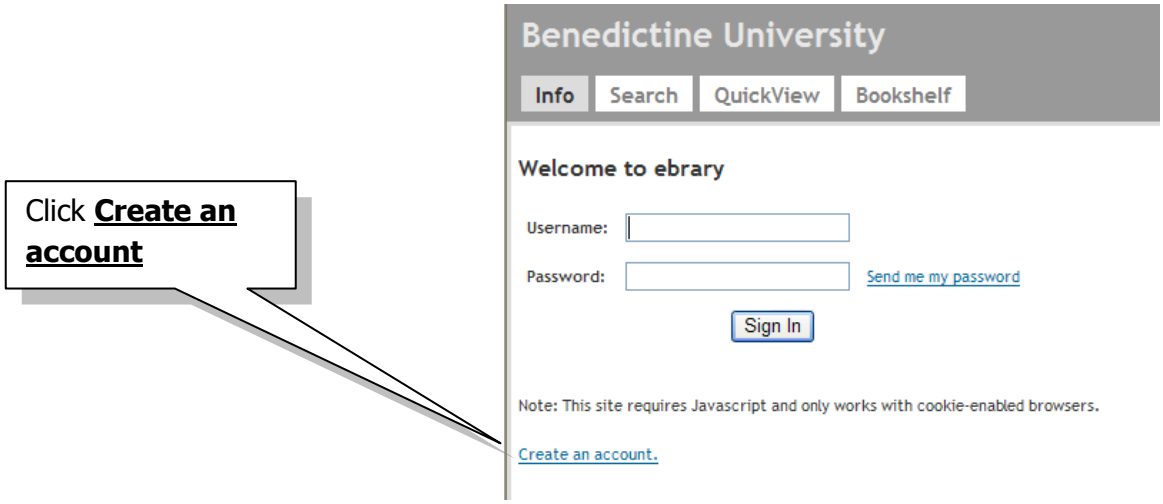


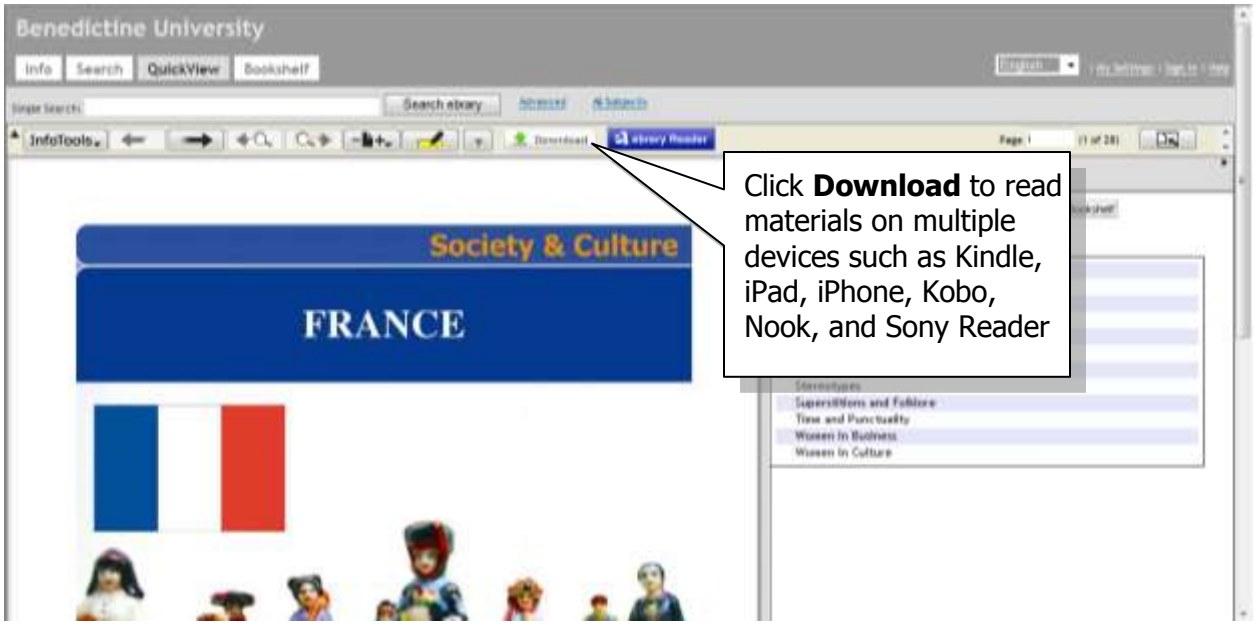
Limit your search to E-books through this sidebar link.

This particular book is available through **ebrary** which contains some useful features including:

- The ability to read material both online and offline on multiple devices such as Kindle, iPad, iPhone, Kobo, Nook, and Sony Reader
- Personal bookshelves that store links to reader's highlights, notes, and more
- Multiple options for searching and navigating
- Automatic citations when text is printed or copied and pasted into Word or any text applications. Citations include an automatic URL hyperlink to the source.
- Text-to-speech and other keyboard shortcuts to assist with special accessibility needs.

To access these features, you will need to create an **ebrary account**:





You will be offered two download options for offline access to ebrary content:

1. Create an image PDF of a specific chapter or page range

- Same page limits as for printing.
- Accessible on most computers and devices, *including the Kindle*.
- Additional software is usually not needed.
- Files do not expire.

2. Download an entire document as an e-book in Adobe Digital Editions

- Up to 10 documents at a time per patron.
- You will need to install Adobe Digital Editions (free online).
- Accessible on most computers and devices, *but not the Kindle*.
- Check-out period for most downloaded e-books: 14 days

iPad

You can download an entire ebrary document directly from an iPad, but you'll need to complete a few extra steps.

First, create an Adobe ID:

1. Go to https://www.adobe.com/cfusion/membership
2. Click "**Create an account**"
3. Fill in at least the starred fields…
4. Click "**OK**"

Second, install BlueFire

1. Go to the **App Store** on your iPad
2. Search for "**BlueFire Reader**"
3. Download it to your iPad

Third, download the e-book from within ebrary

1. Go to your usual ebrary site (see this document pages 1-2)
2. **Sign in** to your ebrary bookshelf account (see this document pages 1-2)
3. Search for the document you want to download
4. Click on its cover or title to open it in QuickView
5. Click on the green "**Download**" button
6. Select the option to download the entire book
7. Follow the prompts, including signing in to your Adobe ID

Your downloaded e-book will then be available in your iPad's **BlueFire** folder, ready for offline reading, annotating, etc.
