Major Specific/Requirement Notes

All major coursework (whether taken at BenU or transferred from another institution) must be completed with a C or better.

Accounting Majors who elect to earn a second major in the Department of Undergraduate Business must complete unique "specialization courses" for the second business major. Specialization courses may only be used for satisfying the requirements for one business major. In the event that a specialization course is required for two majors, the student's academic advisor will identify an additional specialization course.

For BenU courses: Students with approved transfer coursework from four year institutions may require additional electives to meet program requirements.

An ethics course must be taken.

¹ LCOM 1105 is required for students with AP/Dual Credit.

 $^{^{\}rm 2}$ This major requires MATH 1105 or 1110 to be completed as part of the GECC coursework.
